## FROM THE PRINCIPAL'S DESK....

We are fast approaching the season of thankfulness, a time to be grateful for family, friends and the many things that make our lives complete. I am especially thankful for the opportunity I have to work at TES with such dedicated staff and supportive parents. I invite each of you to reflect on what you are thankful for and celebrate the opportunities that come your way on a daily basis.

As we move into November there are many instructional conversations occurring that we would like to share with you:

We will begin to implement extended learning opportunities for teachers. This will be a time during the school day that teachers will focus on learning new instructional strategies to apply immediately in the

classroom. One of the first strategies that we are going to study is utilization of the reading workshop.

We are excited to welcome Mr. Robbins, a new kindergarten teacher who will be focusing in on providing social, emotional and academic support for some of our kindergarten students.

The SBDM Council is reviewing adjustments in the daily schedules in order to provide additional time for instruction for the students.

Teachers are being asked to integrate the use of technology, both teacher and student, into their daily instruction. To better assist teachers in utilizing technology we are reviewing the

option of an open computer schedule and collaborative model with the support of Ms. McCauley.

A team of teachers continues to be educated on the expectations of the Race to the Top grant and the development of a personalized learning model.

We wish each of you a happy Thanksgiving and special times with family and friends.

Sincerely,  
MariAnn Arnold  
Principal, TES

## Counselor's

Corner

State test scores were made public just in time to have our Testing Recognition and Cook-Out Celebration on October 1st. The district will be recognizing our Distinguished students once again at SCHS before the ballgame on December 9th. In May, TES will have our annual opening ceremonies for the 2014 Testing Olympics where current TES students will be recognized again with gold and silver medals.

Career Week starts November 11th, and TES Career Day is that Friday, November 15th. Please let your child's teacher know if you are interested in presenting to their class about your job. We want all of our students to understand the importance of a good education, and know their many options to prepare for their future. I'm asking that students consider dressing up for the job they think they might like to have when they grow up.

My plan is to take a picture of each student that dresses up for Career Day (Friday, November 15th), and use them to create a hallway display.

Should you ever need to call, my extension number at school is 3240. Voice mail is set up for those times I happen to be away from my desk. You can also reach me by e-mail. If you happen to think of something you would like for me to provide information on in the next newsletter please send me an e-mail or leave me a voice mail. I'll do my best to help.

Have a wonderful day,  
Heidi Heiss
